**JUDGING FORMS**

Northwest Association of Corvette Clubs (NWACC) consisting of 18 separate clubs has agreed to change the judging of the Pure Stock Class in concours events to utilize the NCRS judging forms. This means that we now have six extra shows where we can present our corvettes and be judged fairly. The exact details of how this will be accomplished will be in our next newsletter. The major concession of NWACC changing these rules to benefit us was that we, in turn, will help train qualified judges.

Enclosed with this is the roster of our charter membership, consisting of 91 family memberships. You will notice that this roster is broken down in the various areas which will enable the Vice Chairmen to work closely with their area members. As new members join, they will be added in each succeeding newsletter during 1979. After dues are renewed in 1980, a revised list will be forth coming.

We are looking for volunteers to man the NWNCRS booth at the Portland swap meet June 30 and July 1. You will only have to spend one hour at our booth to sign up new members. This is your chance to help our organization. (This includes wives too!)

We would appreciate any responses from you concerning our tentative schedule of events. Either get in touch with your area Vice Chairman, or write directly to our chapter mailing address 8845 N.E. Sandy Blvd.  
Portland, OR 97220

Any members wishing to place ads in our first newsletter, please note that the deadline date is March 10. The first issue of the "Front Bumper" will be out the middle of March.
